

LWBE Food Allergy Awareness

2018-2019

*Did you know... One in every 13 kids in the U.S. has a food allergy.
That's approximately two kids in every classroom.*

The LWBE FAA Committee is a group of concerned parents who have joined together to provide food allergy information and support to all LWBE families, teachers, and administration personnel.

Our Mission: to promote awareness, support, education, and understanding.

Here's how we stay active throughout the school year:

- ***School Functions and Food Allergies***

Our committee works together with our school family event coordinators to ensure our families with food allergies have information with regards to foods at our school events. We strive for safety and inclusion.

- ***Classroom parties and celebrations***

Wondering how we can help children with food allergies be safe, feel included, and still have fun? Our committee strives to raise awareness throughout the school by reaching out to our teachers, staff, room reps, and all parents with the purpose of providing safety and inclusion of all children.

- ***Teal Pumpkin Project***

We will sponsor a booth at the Steiner Trunk or Treat on Sun. Oct. 28, 4-6, at Towne Square. We will be passing out non-food treats to all children and helping to spread the word about the Teal Pumpkin Project.

- ***Food Allergy Awareness Week (May)***

The Food Allergy Awareness Week is another opportunity for our committee to participate in raising awareness and education throughout our school and community.

Want to get involved? Here's how!

All LWBE families are invited to join the committee whether it is to support a friend, get to know other food allergy families, or learn more about food allergies.

If you are interested in joining us or want more information, contact us at lwbe.faa.2018@gmail.com or visit the PTA website at <http://lwbe.my-pta.org/>
